Subject: *Westboro Baptist Church Religious Ministry to High Point, NC*

Dear Chief Shultz:

This office represents Westboro Baptist Church (WBC), who intends to have some of her number in your jurisdiction **Monday, November 18, 2019** for a public demonstration / outdoor religious service regarding the judgment of God with respect to the dangers of promoting homosexuality, same-sex marriage, the filthy manner of life and idol-worshipping of this nation. WBC members currently intend to picket **High Point Central High School at 801 Ferndale Blvd., High Point, NC 27262** from **8:15 A.M.-8:50 A.M.**

WBC has conducted such demonstrations, on a daily basis, at locations all across the United States and into some foreign countries, for going on twenty-nine years. Therefore, we recognize that our message, though once quite traditional, will not be well received by some factions of our society, and our experience over the years indicates that sometimes people who oppose our message are tempted to try violence to silence it. We have found it is helpful in keeping the peace and ensuring our members are safe from attack, for us to have skilled photographers and video recorders at each of our pickets. Also it is a sound and very simple practice for law enforcement to establish a place for each group demonstrating and place a reasonable "dead zone" between the groups to deter attacks against our members.

It is well established nationwide that our members are at all times and in all ways law abiding and non-violent. Also, it is important that we document these events for our use in our ministry so we always have at least one camcorder with our group.

Finally, we request that law enforcement fulfill their duty to take responsible steps to keep the peace. We also recognize that having a police presence will in most cases deter persons who wish to silence our message by violence. I write to make sure that the lines of communication are open and that you are clear about the intentions of WBC members. We will at all times conduct ourselves in a peaceful and law-abiding manner and will fulfill any lawful request or order of your officers.

Chief Kenneth Shultz

We would of course welcome any suggestions or requests that you have beforehand, so that we may safely come and go from your jurisdiction. We only desire to express our religious convictions on these vital, national issues, and go our way; however, we wish to do so in a cooperative way so that your interests in keeping the peace are also met. If there is a requirement for a permit to conduct this religious demonstration please fax the application to me at the number listed above.

We would appreciate any assistance your department can provide in keeping the peace. I will be coordinating the details for this demonstration and can be reached at my office (785.233.4162) or my cell (785.640.5431); please contact me regarding any concerns or suggestions you may have. I look forward to hearing from you or your representative.

Sincerely,

Rebekah A. Phelps-Davis

Any violation set forth herein that is also a violation of any state law shall not be punishable under section 10-1-290 such that the violation would allow for duplicative punishments.

Just FYI, I just received a phone call from a Jason Yates, who was inquiring about the WBC protest. He was asking if they had taken the correct measures with the city to be able to protest, the exact location of the protest and time. He then asked if we as a department were prepared for counter-protesters. I advised that we had planned on both sides being in attendance and asked if he was part of the counter-protest side, which he stated he was. I advised him or whoever was heading up his side to make contact with the PD prior to the protest to make sure they had all information and permits needed. He stated he would be making contact with the PD in the near future.

Not sure if you or the PD has already caught wind of the counter-protest side, just figured I'd pass it along.

I think it would be a good idea to prevent students from parking in those spaces if for no other reason than to prevent damage in case of a large crowd. We could have barricades in place to "prevent parking" and double as crowd control measures.

**Subject:** UPDATE-Westboro Baptist Church Protest-FOR OFFICIAL USE ONLY

Good afternoon,

I think you are all aware that the Westboro Baptist Church ([www.godhatesfags.com](http://www.godhatesfags.com)) from Kansas plans to demonstrate in our area on Monday, November 18, 2019. Their website list four events on that date:

1. High Point Central High School 0815-0845
2. Guilford College 0930-1000
3. UNCG 1020-1050
4. Duke University School of Law 1200-1230

On 10/22/2019 Chief Shultz received a notification letter from their attorney announcing the protest and requesting our assistance and protection during the event. Of course, the biggest unknown will be the counter-protest. Currently, we have no information on what groups, if any, plan to counter-demonstrate at these events. Counter-protesters typically outnumber WBC by a significant margin.

We do not know what attracted them to HP Central, but GCS is aware and we will work with them in planning the event. GPD, UNCG PD, and Guilford College are also aware of the group's plans. I have spoken with Andrew Jaspers at GCS and they will not allow the protest on school property. There is a possibility that GCS will have a two-hour delay on that day because of the protest. That decision will not be announced to the public until the night before (if it happens at all). Jaspers said the school system will generally defer to us on handling the event.

I spoke with Sgt. Goodykoontz with GPD's Special Events Team (formerly, the Civil Emergency Unit). They are planning to use approximately 15 officers on foot and bikes at the Guilford College and UNCG demonstrations. They are on standby if we need them. I have asked SIU to monitor social media for intel on the protest and possible opposition. Traffic closures can be modified based on the turnout and activity. CEU has been placed on standby for this event and the Traffic Unit will assist. We will use a similar plan to GPD, using bike to form a separation barrier if needed.

I emailed and faxed the city ordinance on picketing and the *Notice of Intent to Picket* form to their attorney, Rebekah Phelps-Davis. I have also left her a voicemail.

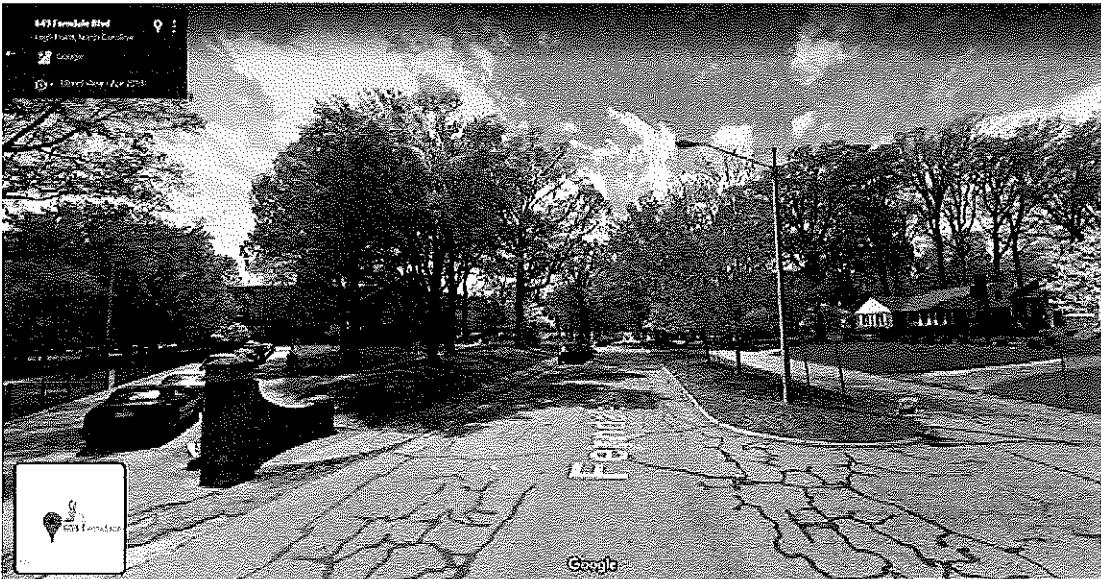

On 10/31/2019 Ms. Phelps-Davis sent an email reply including a completed *Notice of Intent to Picket* form. She provided the following answers to my questions about their demonstration.

1. *No more than 5 [people]*
2. *It will be 1 vehicle, so there will be a need for parking.*
3. *There is a little music box that is used, that a cell phone can be placed in and they use it for singing along to their songs that are on the cell phone, during the religious demonstration.*
4. *I do not at this time have any information pertaining to any possible counter-protest groups. But, I always work closely with law enforcement and let you know just as soon as I have any information of this nature. I can tell you from our experience over the years, that we*

*have rarely done a religious demonstration at an educational institution, where there has NOT been a counter-protest. So, I'm assuming that there will be one for that reason.*

On 11/4/2019 I notified Ms. Phelps-Davis of the location we wanted them use for their demonstration (sidewalk in front of the school near the driveway). On 11/5/2019 she responded that the participants are requesting to use the Ferndale Blvd median in front of the school. The median is approximately 18 feet wide and the speed limit in that block is 25 mph during school hours. If we allow the five demonstrators to use the median, we can use the sidewalk immediately in front of the school for a counter-protest area and use the roadway as a buffer between the groups. Does anyone see a reasonable need to restrict them from using the median? We would not shut down traffic on Ferndale unless we see an overwhelming counter-protest. If necessary, we can close that block of Ferndale Blvd and use Council/Gatewood/Trenton as a traffic detour. We can route people that need to get to the school from the east or the west by using a couple of traffic units. The only issue I see with this plan is the fact that 20-30 students park along Ferndale in front of the school. Should we consider blocking off those spaces and notifying GCS in advance?

Please let me know your thoughts by noon Monday, November 11.

Thanks,

**MARK LANE**

- Given a 3 week warning
- Original plan was to proceed as normal with school schedule and support the student body as needed.
- District's biggest concern was counter protest groups.
- Plan changed to a two hour delay the day before. There were other protests the day before at local churches and at the protest a group of counter protestors showed up that was also an open carry group which prompted the district to go with a two hour delay because they did not want open carry groups around the school while Westboro Baptist church protested.
- Worked closely with all Law Enforcement agencies.
- Protest went well with no issues. The church stayed in their designated area, showed up on time and left on time.
- District let students use sidewalk chalk to draw on sidewalks where Westboro would be, messages of love, support, and unity.

- School found out through LEO. Same letter, wanting protection and a spot to protest.
- WBC true to their word. Showed up, protested and left.
- Biggest concern was counter protestors.
- They ended up doing a two hour delay the night before. Kept it a secret.
- They also used school buses to block the entrances of all schools to ensure no counter protestors could access campus.
- School was picked because a teacher was terminated over LBGT issues.
- Another concern was student involved. Did not want students to support or counter protest.
- Delay meant that the children were the parent's responsibility.

- Also worked to ensure police would enforce parking laws e.g. private property and have traffic management officers so no one could impend the roads.

Good Evening Capt. Lane:

I've talked with those that are going, and they are requesting that they be permitted to stand in front of the school, across the street (Ferndale Blvd.) on the median. I think this is close to what you are suggesting in your email. Will that work?

Thank you.

*Ms. Phelps-Davis,*

*Thank you for responding to my email and providing the completed Notice of Intent to Picket form. We do not require permits for demonstrations; we simply ask that the Notice of Intent to Picket form is completed so we have the necessary information to plan for a safe event. There is no other paperwork involved in the process.*

*We would like for your group to use the sidewalk in front of the school (south side of Ferndale Blvd) just west of the driveway that runs between the school building and the tennis courts. This location will provide us some flexibility in dealing with any counter-protest groups. Please let me know if this is acceptable.*

Thank you,

Good Afternoon Capt. Lane:

I apologize for the delay in getting a response to your email done. I have filled out the permit application and I am attaching it hereto. There will be no more than 5 individuals participating in the religious demonstration, so I do not believe it is required that this permit application be filled out and submitted, etc. Do you agree with that?

To answer your questions below:

1. No more than 5
2. It will be 1 vehicle, so there will be a need for parking.
3. There is a little music box that is used, that a cell phone can be placed in and they use it for singing along to their songs that are on the cell phone, during the religious demonstration.
4. I do not at this time have any information pertaining to any possible counter-protest groups. But, I always work closely with law enforcement and let you know just as soon as I have any information of this nature. I can tell you from our experience over the years, that we have rarely done a religious demonstration at an educational institution, where there has NOT been a counter-protest. So, I'm assuming that there will be one for that reason.

Please let me know whether or not you believe it is necessary for us to proceed with obtaining a permit to do this religious demonstration. If you think we should, I have attached the application, properly filled out and signed, so the process can proceed forward.

Thank you.

Ms. Phelps-Davis,

Thank you for providing advanced notice regarding the demonstration in High Point; I will be your point-of-contact in planning this event. I have attached two files for your review: our local picketing ordinance and our Notice of Intent to Picket form. Please complete the Notice of Intent to Picket form and send it to Ms. Rimmer, the city special event coordinator.

In order to ensure we have adequate time to plan for a safe event, I would like to request some information from you now.

1. How many people will participate in the demonstration?
2. How many vehicles will you be using? Will there be a need for parking?

3. Will any voice or music amplification devices be used?
4. Do you have any information on possible counter-protest groups you anticipate attending this event?

Having this information early in the process will make it much easier for us to assist you in having a safe event.

Thank you,

Chief,

The only thing that's changed from the below email is that Plan B is the primary option and Plan A will be a backup if we have a large counter protest.

GCS is aware and will follow our lead. GPD is lined up to assist if we need it.

**Subject:** Westboro Baptist Church Protest Update-FOR OFFICIAL USE ONLY

Good afternoon,

I think you are all aware that the Westboro Baptist Church ([www.godhatesfags.com](http://www.godhatesfags.com)) from Kansas plans to demonstrate in our area on Monday, November 18, 2019. Their website list four events on that date:

1. High Point Central High School 0815-0850
2. Guilford College 0950-1020
3. UNCG 1045-1120
4. Duke University School of Law 1200-1230

Chief Shultz received a notification letter from their attorney announcing the protest and requesting our assistance and protection during the event. We do not know what attracted them to HP Central, but GCS is aware and we will work with them in planning the event. GPD, UNCG PD, and Guilford

College are also aware of the group's plans. I have emailed and faxed the city ordinance on picketing and the Notice of Intent to Picket form to their attorney, Rebekah Phelps-Davis. I have also left her a voicemail, but have not heard back from her.

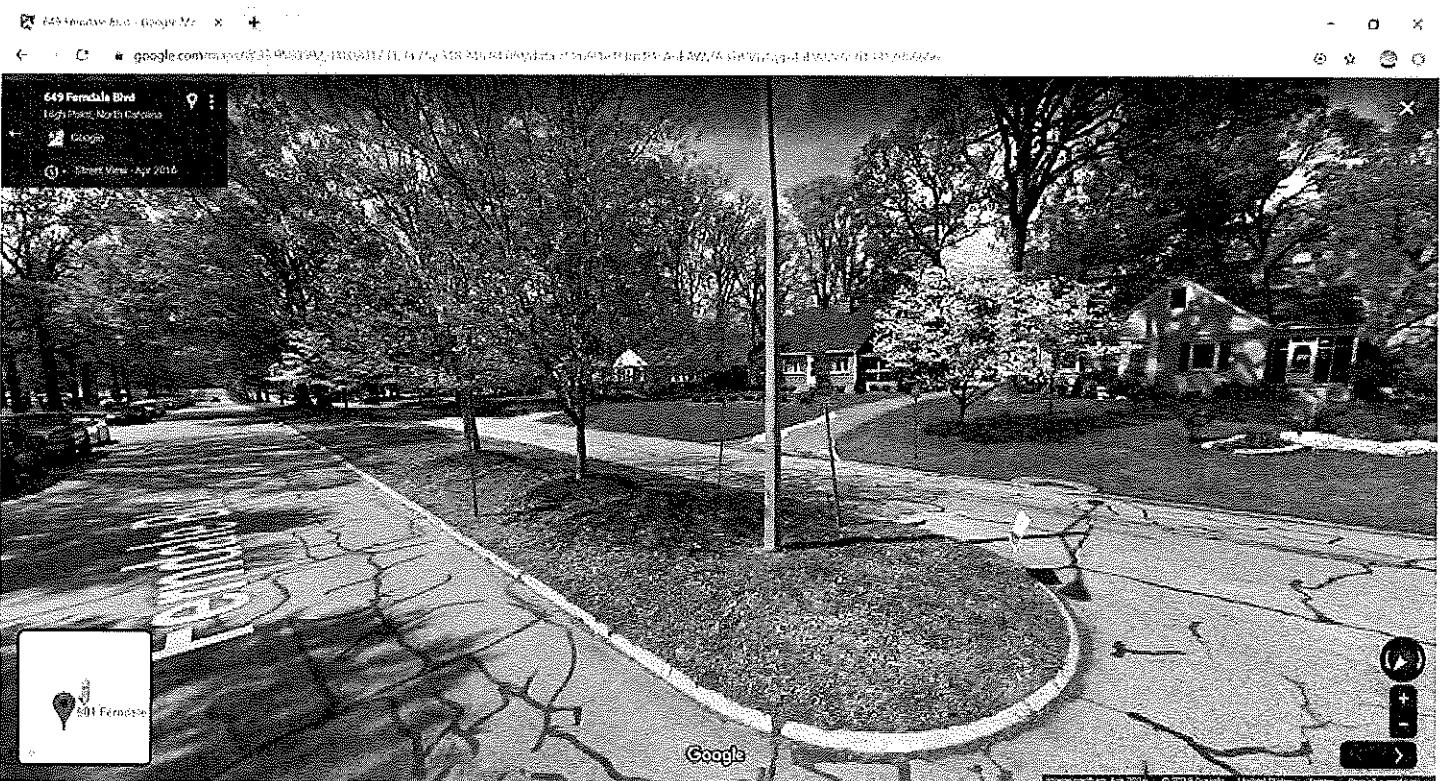

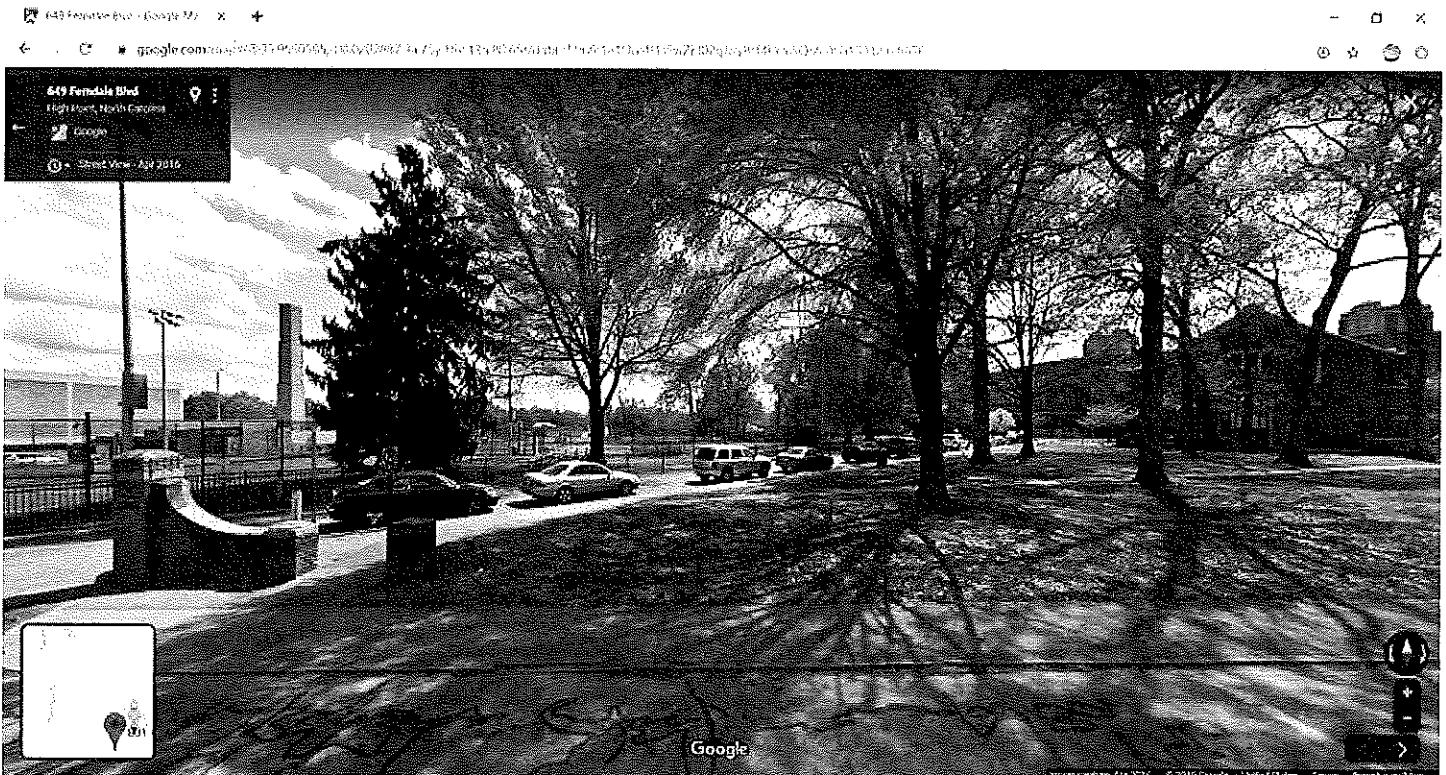

I am not sure if they have a specific area in mind for their protest; we won't know until I hear back from her. I have spoken with Andrew Jaspers at GCS and they will not allow the protest on school property. There is *a possibility* that GCS will have a two-hour delay on that day, we should have an idea by next week if that is a viable option. That decision will not be announced to the public until the night before (if it happens at all). We have tentatively planned a meeting with GCS and us for later this week.

Right now the best information we have is through GPD, who was able to get Ms. Phelps-Davis on the phone. They plan to have a group of seven to eight members with handheld signs picketing at the listed locations. Of course, the biggest unknown will be the counter-protest. Currently, we have no information on what groups, if any, plan to counter-demonstrate at these events. Counter-protesters typically outnumber WBC by a significant margin.

We have a couple tentative plans as a foundation and we will develop them as we receive more information. This will all be primarily driven by the size of the counter-protest; hopefully, any organized groups will submit a Notice of Intent to Picket form with the city. I have asked SIU to monitor social media for intel on the protest and possible opposition. Traffic closures can be modified based on the turnout and activity. CEU has been placed on standby for this event and the Traffic Unit will assist.

### **Plan A**

- WBC will be on the sidewalk/right-of-way on Ferndale in front of HP Central near the main driveway between the school and the gym.
- Traffic on Ferndale between the driveways to the east and west of the school will be closed. Through-traffic will be detoured using Council/Gatewood/Trenton to bypass the school. Anyone going to the school can enter through the main driveway on the east or the PVAs to the west.
- Any counter-protest groups will be placed on the median and westbound lanes on Ferndale in front of the school. That will leave the eastbound lane of Ferndale as a buffer between the groups.
- Bike Racks from P&R can be used as barriers to define the two areas.

## Plan B

- WBC in the same location as Plan A.
- Counter-protesters on the sidewalk north of the tennis courts.
- This puts everything on the same side of Ferndale with the school's main driveway separating them.

- Bike Racks from P&R can be used as barriers to define the two areas.
- This plan would lessen the impact to traffic, but offer less space for counter-protesters and puts traffic between the groups.

Thanks,

Mark

Dennis,

I made contact with the attorney for Westboro Baptist Church this morning. I have sent her my contact information and she advised she would provide me with as much detailed information as possible as the event comes closer. As of now she provided the following information:

Approximately 7-8 subjects will be holding the demonstration. They do not "recruit" anyone locally and she advised only their group will be involved with the demonstration

This is a stationary protest. No marching or walking. She is going to look at an overhead view of both locations and get back to me with an exact location of where the demonstration will be held. She advised that it will take place in the right of way or a sidewalk and would not encroach on private property.

Their demonstration will consist of holding signs and flags (no sticks affixed to either) and playing bible music or parodies thereof.

As I obtain more information from the organizer I will pass it along to each of you.

Good morning,

Westboro Baptist Church has notified us that they intend to picket in High Point, NC on Monday, November 18, 2019. Planning is in the very early stages and I will provide more details later. For now, reserve the date for a CEU activation. If you work second shift, you will need to get off early the night before and if you work third shift, you will need to be off the preceding shift. Let me know ASAP if you have a significant conflict that will prevent you participation. The bike school scheduled to begin that day will be adjusted.

Commanders-we will work on staffing conflicts between now and then, but please count your CEU members out on that date and the preceding shift, if applicable.

Thanks

Ashley,

We just received a notification letter from Westboro Baptist Church announcing a planned demonstration at High Point Central High School on November 18, 2019. Do you know if any agencies in our area have dealt with them recently. I dealt with them once when announced they were coming to a military funeral here, but that was 12-15 years ago. Any assistance you can provide will be appreciated.

Thanks,  
Mark

BJ,

Please see the attached letter from the Westboro Baptist Church notifying us that they will demonstrate in front of High Point Central High School on November 18, 2019. While I have dealt with this group in the past, it was 12-15 years ago. Can your unit research the group and provide a report to me for planning purposes? I am specifically interested in jurisdictions in our area that may have dealt with them recently. Any intel you can develop will be appreciated.

Thanks,  
Mark
